Qualifications of Competent Person:

Professional engineering qualification, membership of professional organisation and 40 years' crane industry experience.

Competent Person Statement:

I hereby state that the above Crane serial number 30502123 has received its 15 year major safety inspection in accordance with the recommendation of the manufacturer and with relevant Australian Standard Standards and is safe for use provided it is operated and maintained in accordance with the manufacturer's recommendations and Australian Standards AS 2550.1 & 5.

The Crane should be submitted for a further third party annual inspection at (1) year and a further major inspection after a period of five (5) years.

Competent person signature:

D.C. Nicholls C.P.Eng

Date: 6 November 2012

Donic Independent Engineering Services will not accept any responsibility for the mechanical condition of the Crane beyond the date indicating the time the Crane conformed with the checklist. Maintenance records must be maintained by the client beyond this date. Please note, the level of further inspections will be dependent upon the level of maintenance records produced by the owner of the Crane.
